ABOUT ME

Information Systems graduate with hands-on full-stack experience using React and Spring Boot. Passionate about building intuitive, user-centric applications with clean UI/UX. Strong communicator, quick learner, and collaborative team contributor with experience working in fast-paced development environments.

EDUCATION

King Saud University, Information Systems GPA 4.17 out of 5	08/2021 – 05/2025 Riyadh, Saudi Arabia
Manarat Al Riyadh International School, High School Diploma	09/2018 – 04/2021 Riyadh, Saudi Arabia

PROFESSIONAL EXPERIENCE

Takamol Holding, Full-Stack Developer	07/2025 – Present Riyadh, Saudi Arabia
- Developed features and fixed bugs for production systems using GitLab across different deployment environments. - Built and enhanced full-stack features using React, Spring Boot, REST APIs, and SQL. - Participated in code reviews and followed clean code and Git branching practices. - Reviewed and tested DB changes using Bytebase before API integration. - Worked in an Agile/Kanban setup using Jira, collaborating via Slack & Teams, and attending daily stand-ups. - Created documentation & Confluence pages for features and workflows. - Completed a structured 3-month internal plan: Spring Boot, Redis caching, Liquibase migrations, scheduled jobs, JWT security, Mockito testing, and GitLab CI/CD basics.	

SKILLS

Programming Java, JavaScript, TypeScript, Python	Frontend React, React Native, HTML, CSS, Tailwind CSS	Backend Spring Boot, Django, REST APIs, layered architecture, JWT security
Databases PostgreSQL, SQL, Liquibase, Bytebase	Tools & DevOps GitLab, GitHub, Git workflows, Jira (Kanban), Confluence, Slack, Microsoft Teams, CI/CD basics	UI/UX Figma, design systems, prototyping

PROJECTS

Pharmaseek, Graduation Project Pharmaseek is a mobile app and portal dashboard designed to simplify the process of finding and purchasing pharmaceutical products. It aggregates pharmacy databases into a centralized platform, allowing users to search, compare prices, and locate nearby pharmacies with products in stock.	08/2024 – 05/2025
Car Sales App Simple C2C mobile/web app for listing and buying cars. Designed the UI and built core features.	01/2025 – 03/2025
Web Applications (Multiple Projects) Built several responsive apps such as Movie Ratings, Pizza Recipes, Portfolio, and Admin Platform using React & Tailwind.	

COURSES AND CERTIFICATES

Building Applications with Spring Boot and MVC Architecture, Coursera
Master SQL, Database Management & Design, Udemy
Figma UI/UX Design Essentials, Udemy
Python Programming Certificate, Manarat Al Riyadh School

LANGUAGES

Arabic — Native/Bilingual

English — Fluent
